Re: Notice of File Closure for Small Mining Activities, Duke #44, S/037/095, San Juan County, Utah

Dear Mr. Peterson:

This letter is to notify you that file #S/037/095, for the Duke #44 project, located in San Juan County, Utah, will be retired from our files.

The BLM inspected the project area and found that the disturbances at the site pre-date your permit application. The BLM subsequently closed out their file for this project. Because this project is located on BLM managed lands, we will accept the BLM's recommendation and also close our file accordingly. You are hereby released from any further mining or reclamation responsibility at this site. You will not have to pay the \$100.00 permit fee that was recently sent to you. If you wish to restart any mining in this area, you will have to submit a new notice to the appropriate agency, pay the Division permit fees, and receive written approval prior to creating any disturbance.

If you have any questions or concerns regarding this action, please contact me at (801) 538-5382. Thank you for your time and consideration in completing the required reclamation on this project.

Sincerely,

A handwritten signature in cursive script, appearing to read 'Doug Jensen'.
